

Boots On

David Worby (BMI/I'm Not Mozart), PJ Ju (ASCAP/PJ Ju Publishing)

I don't think I'm just seein' things, you're smilin' at me
Yeah, I recognize this feelin', you leanin' in, hand on my knee
So you wanna hang
But you don't want a beer
You gotta look that says
Let's get out of here
Sure I can take you home, but before we go, girl you should know

CHORUS

I make love with my boots on, hat off
Always to a Country song
Just in case I gotta move on, take off
Lord knows that I'm still young
So, if you still want this son of a gun
Who don't like to change for anyone
Fair warning...
I make love with my boots on

I'll open every door for you, walk you thru, If you want me to
You'll never worry 'bout the bar tab, and if we need a cab, I'll take care of that
I'll take my time, learn what you like
Babe I'll even hold you all night, but

CHORUS repeat

BRIDGE

I'm a cowboy, no more no less
What you see is what you get

CHORUS repeat
